Digital natives vs.
Digital immigrants

"The generation born after 1980 find it easier to interact with digital technologies;
they learn, create and even socialize differently."
*(Prensky 2001)*

„the confident *digital native* is not necessarily a confident *digital learner*"

(Johnson and March 2013)

6 Hurdles for Teachers Using Technology in Class

TIP: Ask your older students for help or go online.

5 (TECHNICAL) SUPPORT

6 CONFIDENCE

4 TRAINING

THIS WILL INCREASE WITH PRACTICE!

3 COST

4 Teachers need training with technology.
TIP: Attend conferences. Go online to look for tutorials & webinars.

3 Teachers and students need technology resources.
TIPS: - Lobby your school/board/parent committee for funds.
- Fundraise / Apply for grants.

2 TIME

2 Teachers feel they don't have the time to invest in learning and exploring technology.
TIP: Just do a little bit at a time: baby steps!

1 CONVICTION

1 Teachers need to believe that technology will enhance their lessons and will be beneficial to them and to their students.
TIP: Talk to colleagues who are using technology with success.

@sylvia duckworth

BEST TIP: Grow your P.L.N. to help you on your technology journey!!!

Substitution

Augmentation

Modification

Redefinition

IMAGE CREATED BY TIM HOLT.
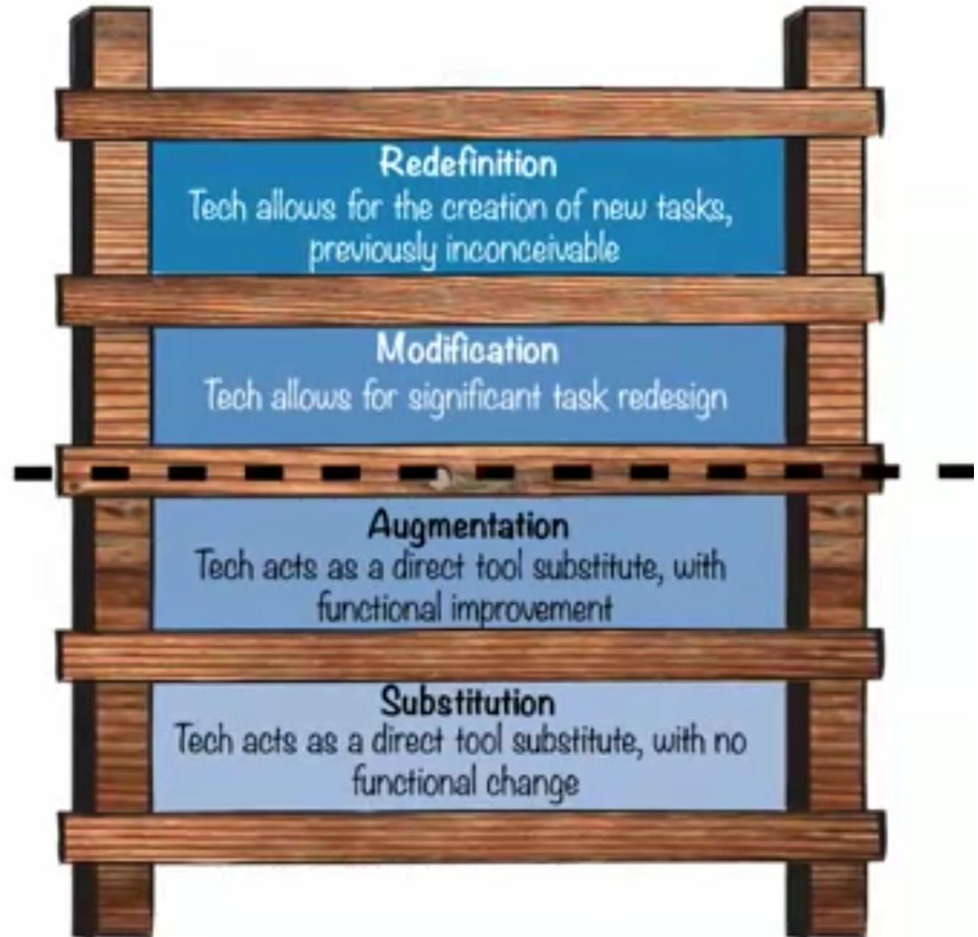

Razmislite…

Razmislite o vašoj nastavi i tehnologiji koji ste ukomponirali…

Koju ste tehnologiju/aplikaciju koristili?

Kako ste koristili tehnologiju u svrhu poboljšanja nastave i učenja?

Na kojem ste dijelu ljestvice bili?

Gdje spada vaša zadnji nastavni sat?

Redefinition
Tech allows for the creation of new tasks, previously inconceivable

Modification
Tech allows for significant task redesign

Augmentation
Tech acts as a direct tool substitute, with functional improvement

Substitution
Tech acts as a direct tool substitute, with no functional change

ČITAMO PRIČU: First Day of School

First Day of School

On my first day of school,
I got up bright and early.

First Day of School

I got dressed all by myself
but left my hair messy
and curly.

First Day of School

I rushed out of the house so fast, I nearly didn't see...

...?

First Day of School

...that my baby brother tried to follow me.

ZADATAK

Name — What's the assignment called?

Description — A summary or set of instructions to explain the assignment.

0/500

Media — ie. http://storybird.com/art/the-only-bear/ — This will accompany your assignment, to explain or inspire. Use media from **Storybird, YouTube, Vimeo, or SchoolTube.**

Storybird: URL from any story, poem, or artwork page
Video sites: Video URL.
Note: your district may block some video sites. Check with IT.

— OR —

Upload Image — Choose File — No file chosen

Artwork
- ● Use all artwork
- ○ Use a specific artist
- ○ Use a specific tag

We recommend using all artists/artwork to spur creativity. However, sometimes you may want to focus on one artist or thematic tag; this setting allows you to do just that.

SMS Generator!

Use the icons below to create a chat between two historical or fictional characters.

You can **save** your work for future changes. You can **drag** and **drop**, **edit** and **delete** entries by hovering over them.

After saving, you will also be able to get a **QR Code** or **embed** the chat into your own blog, website or wiki!

Sample by Amelie

ClassTools.net

The "Twister" template allows you to create fictional "status updates" that can then be printed off for display purposes. Students could be asked

What are the most important people in this topic?
What was their most important moment within the topic?
What would their comment be about it?
What particular keywords would they use within their comment?
What hashtag could they maybe use at the end of the message?
What nickname did they have / could we invent to use as their username?

Username		*Tip - use their real / a believable nickname
Real Name		*Give a full name to ensure an accurate picture
Tweet		
Date		*Make this historically accurate

Submit

Here is a video tutorial:

ClassTools.net Twister Tutorial

QR Treasure Hunt Generator!

Get students using their mobile devices to move and to learn - NO INTERNET CONNECTION NEEDED!

1. Submit!
Input a series of questions and answers.

No programming experience needed - just cut and paste from a word processor

2. Create!
Get a QR code for each question.

Automatically generated as text files, **no need for web access** to read!

3. Display!
Put the QR codes around your school.

Be creative - different sizes, different places

4. Begin!
Students find and answer the questions.

The team with the most correct answers in the time available wins

Get Started!
